

I think Burlington should be put in there place, THEY ARE NOT A STATE !! a charter change doesn't trump the Vermont Constitution (Article 16 in this case)..It is a big waste of time and money ..it shouldn't even be considered without the input from the whole state because it will effect us all.

Our Vermont Sportsmen's Bill of Rights (24 VSA Section 2295)
went into effect in 1988

and has served our state well. Read it here:

<http://legislature.vermont.gov/statutes/section/24/061/02295>

Please vote NO to BTV charter changes, Protect our Vermont Sportsmen's Bill of Rights" and the Vermont Constitution Declaration of Rights, article 16.

This is NOT the answer, and will affect and undermine the fabric of VT.

Thank-you for your time.

Sincerely,
